GEN 0.1 Preface

0.1.1 This first issue of the Aeronautical Information Publication Macedonia contains permanent aeronautical information which is essential for the safety of air navigation within the airspace designated Skopje Flight Information Region. It will be developed progressively and any missing sections will be published by following amendments to the AIP.

0.1.2 The document is presented in English and Macedonian languages, generally in two columns, but where appropriate (i.e. tables), translation is immediately below the English. At first issue the translation remains incomplete and unvalidated, and in the event of conflict, the meaning of any content shall be taken as the literal English meaning.

GEN 0.1 Вовед

0.1.1 Првото издание на Зборникот на воздухопловни информации на Македонија содржи информации од перманентен карактер кои се есенцијални за безбедноста на воздушниот сообраќај во рамките на воздушниот простор дефиниран како Скопје FIR. Тој ќе се развива прогресивно и секоја секција која недостасува ќе биде публикувана како амандман на AIP.

0.1.2 Овој документ е печатен на Англиски и Македонски јазик во најголем дел во две колони, но онаму каде што тоа е посоодветно (пр. табели) преводот е веднаш по англискиот текст. Во првото издание преводот е некомплетен и неодобрен, така што во случај на конфликт значењето на било кој дел од содржината треба да се земе во своето буквално значење на Англиски јазик.

3.1.5 Pre-flight information service at aerodromes

3.1.5.1 Pre-flight information will normally be provided in printed PIB format associated with automated FPL facilities at Skopje. As necessary, this will be supplemented verbally, (directly) or by telephone, or telefax. Pre-flight information may be available in alternative languages upon request.
